

Dear Hiring Committee

I am writing to express my strong interest in the Junior Change Agent Education position at Penreach in White River/Nelspruit. I am deeply passionate about educational development and believe strongly in Penreach's vision of advancing educational excellence for all South African learners.

Education is a powerful tool for transformation. I am particularly inspired by Penreach's commitment to improving Mathematics outcomes in Grades 4 to 7 through structured, technology-supported interventions. I am motivated by the opportunity to directly contribute to strengthening foundational numeracy skills, as I understand that these skills are critical for long-term academic success and future opportunities.

I hold a Senior Certificate with Mathematics and have consistently demonstrated strong analytical thinking and problem solving abilities. Beyond academics, I am highly organized, detail oriented, and performance driven. I work effectively both independently and as part of a team, and I value building professional relationships with colleagues, staff, and stakeholders to ensure program success.

My background in technology and systems development has strengthened my ability to work with digital tools and structured processes. I am confident in my ability to adapt to Penreach's digital mathematics programme and to support learners through engaging, structured, and supportive facilitation. I am also committed to maintaining high standards of professionalism, punctuality, and accountability.

I am particularly drawn to this role because it aligns with my desire to make a tangible difference at community level. Supporting learners in developing confidence and competence in Mathematics is not just a job for me it is an opportunity to contribute meaningfully to South Africa's educational future.

Already I have relocated to White Nelspruit if required and am fully prepared to dedicate myself to the responsibilities of this role. I am confident that my drive, discipline, and commitment to educational impact would allow me to add value to the Penreach team.

Thank you for considering my application. I would welcome the opportunity to further discuss how I can contribute to the success of the Penreach Education Digital Maths Programme.

Yours sincerely
Lucky Donovan Ngobeni
